

JOB ANNOUNCEMENT

e-Content Developer

(# 3/2018)

Foster Education Foundation (Foster) is intensively working to achieve the mission of “**No Children Left Behind Quality Education**” by utilizing *A Fabulous Japanese Educational Technology* in Myanmar. Believing in the Technology, we are expanding educational opportunities for disadvantaged populations to ensure all people in Myanmar have equal access to quality education regardless of place, race and believe. As education is the cornerstone of development, Foster aims to help build **Self-Reliant and Prosperous Communities** in the Country. To implement this vision, Foster operates various education projects, resource and information centers, and an inspirational speaker series. Foster builds strategic partnerships with civil society organizations and social enterprises. In its third year of operation, Foster is already having an impact on development at the grassroots level and hopes to augment this early success through collaboration with Myanmar’s new democratic government.

Foster’s Value

Foster is teamed up with the people who are very diverse in terms of beliefs, colors and backgrounds with the same dream and passion as the organization aims.
